About the 3M Open Fund

The 3M Open Fund, based in Minnesota, is a non-profit 501(c)3 foundation created when the tournament was founded by 3M and the PGA TOUR in 2019. The 3M Open serves as the principal fundraiser for the organization's efforts to support local and regional charitable organizations. The foundation's mission aligns with 3M's commitment to improve lives in communities where we live, work and learn. This is brought to life by the tournament theme of Golf That Matters. The foundation gifted more than \$1.5 million after the inaugural 2019 3M Open and will continue to invest in organizations that promote education, science and the environment.
